5-25-2026 Monday Notes of Ed Sparks

Woke up 7:15AM. Missed my birds. Didn't drink coffee first. Walked to end PPL still tired plus 30 mins + later for good Ams. Saw a princess following mamma who should be at high school. Looked exactly like mom so adult trade-off. A few party-ers club closed still open existed but sober. The umbrella people put umbrellas over some sleepers because 7AM is sunburn of bust.

Ate pan de sal queso margarin for breakfast. Did see restaurant worker like most weekdays or so. She was watching SMUG on bench TV who decided to wear shortee shorts while biking with his muscles. Doesn't have to be SMUG just his own personal choice. Turns out she works downstairs smoke x2 and work in 15 ~9AM Monday.

Did see fake owner photo of TBL Tampa Bay Lighting. Never seen that person before on Tampa Bay Business Journal. Lots of fake stuff pumping on Facebook. Wasn't sure if bad I do own the TBL Tampa Bay Lightning.

Not sure butt fuck it. This is Tampa I don't want little kids not be able to see good information versus content creation subcontracts. Finished at 2:20. Enjoyed my online bluetooth speaker music in Italian and shut off 2:50 for ~5 hours.
