6-13-2026 Saturday Notes of Ed Sparks

2am woke up to trash pickers and toast being made on Floor 1. I wrote the Pope's office to let them know that I was awake. I did write a few things. I tried to sleep.

The balcony was quiet. I did see a runner at 3:38am. I slept until sunrise.

Made coffee. My walk was good to CHP. I did see the Sultan of Spain beat me down the street before he left I reached the sign post 34 grease lightnings leg swings bench pushups.

The CHP people were littered with dogs. A couple dogs kept fighting. Maybe 10. I put my foot on the white part.

Turned CHP to American Gladiators Pray to Rah peed 5th time. This is annoying to me. Walked back through stairs. Sand was good. I keep observing larger starfish in the water.

At home, BK was 2 egypt tocino queso sandwich on pan de sal. I did eat a 3rd just cheese and margarin. Lots of restraint on the computer. The day was spent organizing a blog part at work.

Liseth needed rent money so I Western Union left to La Libertad. Bought cigarettes, walked the Bueanavista Mall. I am angry at the mall. Tough place. Returned to actual Mall Paseo. This has the Western Union .

We ate lunch El Pibe. I must've not been in the mood.. Walked back bought ice. Went back to work.

Collapsed after beach negotiation. Beach at 5:15pm. Swam 2x but cold. Went direct home.
