6-7-2026 Friday Notes of Ed Sparks

5:45 walked down the malecon with coffee. It seemed a bit slow but different people were out less good mornings but not bad. 28 street signs grease lightnings leg swings bench push ups. There were a few late-nighters but not bad. A few TikTok-ers and that's that. I've tried to TikTok in Ecuador but TikTok doesn't show me Ecuadorian profiles very few. - even less hashtags.

I sent an early LDS No Jew in My Pew email. I did write my attempts on polygamy 1st and 2nd drafts.

To be fair, if you move in to the house, you pretty much win.

All I did was add POA of responsibility to 2 people version 3rd is prolonged estrangement at additional spouses.

** I guarantee the POA that I sent the LDS was better than there's. The reason is, that I don't mess around in my house. If I live with a woman, she owns everything. I do have opinions about my life. That's all I have to say.

As a weird learning tool, let's look at Sparks' pygmy contract.. maybe upon request. Butt Fuck It.

- 3rd attempt

I, _____, acknowledge that other agreements of power of attorney may exist in the past, now, or in the future with Ed Theodore Sparks. Although I am not responsible for people other than myself and the Sparks family, I do recognize the choices of others and agree that happiness can occur.

-2nd attempt

1st and 2nd Attempt on Contracts: Common Law Marriage. LDS & Personal.

6-7-2026 Friday Punch-List of Ed Sparks

180. 6/7/26 Pink shoes blue bathing suit mine

181. 2 tanks prolly (probably) give them something to do.

I acknowledge and agree to the statement that I have said in the past that, "I won't live with a woman unless we are married".

Based on my interpretation of the Laws of most countries, 36 months and 1 day would enter into the long-term contract of Common Law Marriage.

I, Ed Theodore Sparks, <social passport> do agree and acknowledge to the intentions of _____ entering into the process of a _____ contract starting <today's date>. _____ has entered my home and is 99.99% further towards a 36 month Common Law Marriage with myself than any other woman on this earth. I accept her intentions and I agree to my position as her spouse on this day _____. She may, will, and does hold Power of Attorney over my personal wellbeing for her life, liberty and pursuit of happiness from this day forward. Thank you for the acknowledgment that a relationship with myself is of her choice. This person, _____, on this day _____ chose to do this: Enter into day 1 of 181 days of a Common Law Marriage with Ed Theodore Sparks.

--- 1st attempt

On this day, ____, I give full Power of Attorney to ____ for the purpose to guard and protect the family of Ed Theodore Sparks AND to use for her personal gain with full intentions of keeping her Power of Attorney after 181 days of co-habitation. From this day forward, she may make decisions as a Sparks family member AND as household equal. After 181 days, she may make decisions as a Sparks family member AND as household equal.

As a business owner you can give someone your business using this style. I would say that a 36 month volunteer may also be considered a wife of the business.

I typed 2 pages & already had most of another one done. We had a conversation about the wiping of CPs by OffSec but they couldn't stop milliseconds corrections of wordplay at a government & business level communications. Nobody could figure out what was going on. The database is accessed by all series not in series <the junction box is a T shape.> If the auto-corrections happened there, they why look for an insurance registrar or API with another name? But a cow is the key to automatic word is spun. If every series has a T than the T would still hold some of the packets/the units have the user/password to the database in the file structure source code. Changing the file name sounds easier than the user/pass but you should be able to handle such a task. TM said military fun is only 14% of life. And kind of filled in for book reading time while everyone else was pounding the ranks. A pleasure of the General is general pleasure.

Ate bow tie pasta with 2 breads. The spaghetti sauce is no-standard. 2 pm We tried for Choclatera train but not open on Sundays. Then forced shower for the day conversations. Nap til 4:45. Beach was high. 100K pounds of trash flood our beach at high tide. The mayor is guilty. People were out. These two tanks had their butts whacked wave after shorebreak wave. My style princess walked through with her anti-col swimsuit and pink slides. We made it back to more spaghetti and bread. I'd rather diet or salsa.
